† This is a sample curriculum only and will vary for Freshman and Sophomores depending on AP, IB, Dual credit, etc., and USC placement exams in Math and Foreign Language. During the Junior and Senior years, students with their advisors will tailor the curriculum to meet career goals which will vary widely from student to student and the selected emphasis area. (See Handbook for additional information on Areas of Emphasis (AOE) courses).

\*If necessary, take MATH 115 first.

\*\*For the purposes of progression, MATH 141, 142, CHEM 111, 112 AND PHYS 201 & 201L (or PHYS 211 & 211L) and PHYS 202 & 202L (or PHYS 212 & 212L) must be completed with a grade of C or better before beginning the Junior year (or fifth major semester).
